SATURDAY MAY 18

5:00 PM - 6:45 PM Birder's Dinner is Served

Limited seating available with an advance ticket for \$55 per person which includes appetizers, a dinner option of meat, fish, or vegetarian with dessert, refreshments, and tax/gratuity.

6:45 PM - 7:45 PM The Curious Case of 3 Billion Lost Birds: Looking for Culprits in Northern Maine

Join Ecologist, Sage Levy, for an interactive and educational presentation exploring the harmful factors that have contributed to the loss of bird populations in Maine and across North America. Get an in-depth look at Sage's findings after studying bird habitat in the Maine North Woods.

Sage is an ecologist at Tufts University who works at the intersection of human histories of land, forest management, and bird conservation. Since 2020, they have been studying the effects of changing timberland ownership and management on bird habitat in the Maine North Woods, and exploring Maine bird population trends in the context of North American bird declines. They are also working with forest managers to guide ecologically sensitive harvest decisions, and the Appalachian Mountain Club and indigenous tribal representatives to build a lasting footprint of science and land history communication in the North Woods. In the long term, they hope to continue working on research and science communication in support of bird and land conservation in Northern New England. They are also a songwriter and drag artist, both of which are inevitably heavily bird-inspired.

Online registration for Birder's Dinner & Presentation required.

SUNDAY MAY 19

7:00 AM - 9:00 AM West Side Bird Walk Gilmore Lane, Deer Isle

Join Bob and Sandi Duchesne to explore a private property that includes a meadow, woods, fresh water, and shore. Such diverse habitats promise some great birding! From Route 15 in N. Deer Isle, turn onto Gilmore Lane (about 0.3 miles north of The Galley and high school). Follow signs to bird walk parking.

9:30 AM - 10:30 AM Birding by Boardwalk DISES School Nature Trail, 249 N Deer Isle Rd, Deer Isle

Join educator, Mickie Flores, student, Naomi Duke, and birders, Gordon Russell and Jane Rosinski for a unique adventure across a winding boardwalk, through a red maple swamp at the Deer Isle Stonington Elementary School Nature Trail. Bring binoculars! *Trail entrance is straight back on your left, past tennis courts.*

“Birding by Boardwalk offers the opportunity to visit a unique habitat on the island. With a lush understory of skunk cabbage amongst a red maple swamp, this trail offers birds such as Northern Waterthrush, Canada warblers, Vireos and others without the threat of getting wet feet!” - Jane Rosinski

9:30 AM - 10:30 AM Landscaping for Wildlife 94 Pressey Village Rd Deer Isle

Professional landscapers Bonnie Bochan and Guillermo Diaz, who specialize in bird and butterfly gardens, invite you to this workshop! Discuss creating gardens, share resources, and look at native species that are important for wildlife on the property. Bring binoculars; carpooling encouraged.

10:00 AM - 2:30 PM Pelagics and Puffins Cruise 27 Seabreeze Ave, Stonington

Take a trip with birders Bob and Sandi Duchesne and naturalist photographer, Sandra Mitchell through the archipelago to remote Seal Island National Wildlife Refuge, a nesting site for thousands of pelagics, puffins, arctic and common terns, great cormorants, razorbills, and murre. We may also spot gannets, Wilson's storm petrels, shearwaters, seals, dolphins, and possibly whales en route. While landing is not permitted, there will be many opportunities for viewing and photographing. Dress warmly for an open boat on the ocean. Depart from Isle au Haut Boat Services. **Online Registration Required. \$75 per person.**

ISLAND COMMUNITY HAPPENINGS

FRIDAY, MAY 17

10:00 AM - 2:00 PM Rabbit Hill Tulip Show 148 Barbour Farm Road, Stonington

Hop on Over to Rabbit Hill! Rabbit Hill, an Emily Muir designed cottage, boasts expansive views of Rabbit Island and Crockett Cove. Nestled in the treetops with the 200 acre nature preserve behind the granite boulders, the land is abundant with birds, native pollinators, fox, deer and wild rabbits. Owners Cheryl Wixson and Phillip McFarland have created a self-sustainable homestead and rabbit farm planted with over 800 tulips.

The Tulip Show, a glorious showcase of nature, happens every spring. Birders of all ages are invited to hike to shore, explore the adjacent Crockett Cove Woods Preserve, bring a picnic, and be surprised!

FRIDAY, MAY 17 - SUNDAY, MAY 19

10am and 2pm start times Osprey Echo Sea Kayaking

Register at www.OspreysEcho.com

Osprey's Echo Sea Kayaking is hosting a unique opportunity to appreciate the birds and other wildlife in the Stonington archipelago. Seeing the wildlife from the quiet and relaxing bow of a kayak can be a dreamlike opportunity to see bald eagles, osprey, guillemot, cormorant, and a number of other interesting natives, including local nesting habitats. In a kayak you can always get a unique and beautiful view! The odds of seeing one of our curious seals are also good, especially during their spring pup season. Osprey's Echo will be providing the services of an experienced kayak guide who has a deep knowledge of the area and history of our beautiful island.

- 10 am and 2 pm start times
- \$50 a person
- Tour will be a mellow paddle of the Webb Cove or the near area, highlights will be some of the known bird nest's in our area as well as other wildlife.
- Some expected birds to be seen: Osprey's, Bald Eagles, Guillemots, Seagull's, Cormorants, and many more
- It is also Seal pup season, so there is a decent chance of seeing seals(from an appropriate distance)
- Tour size can be up to 10-12
- Wetsuits are included
